VIMSHOTTARI DASA

Esstar: Can any one explain that all planet only active during their mainperiod , subperiod , and during transit otherwise all planet will treat as in sleeping state? One planet in dasa activate many other grahas through drsti, argala and dispositors. So events are related to that structure while attitude and substancial form of native is coming from all grahas and can be called as default base which change when dasa is coming and instigate / modify this base. Therefore people tend to wear pink clothes in Venus AD.

Dear Rafal-ji,
You mentioned the tendency to wear pink during Venus Dasa. So should one go with the flow of the tendency or should one analyse if Venus is giving less than good results and hence restrict the colour pink. Likewise can this concept be extended to Varachakras....i.e. Use or avoid pink on Fridays depending on the auspiciousness of Venus in Natal chart.
Thanks, Priya.

Dear Rafal-ji,
Below is a quote from Brihat Parashara Hora Sashtra by Rishi Parashara

” A Planet, placed in an auspicious House, like Trikona etc., at the commencement of the Dasha, produces favourable results in his Dasha. The Planet, placed in 6th, 8th, or 12th at that time, yields only adverse results during his Dasha. It is therefore essential, that the placement of a Planet at the time of birth and at the commencement of the Dasha should both be taken into account for the assessment of the Dasha effects”

How improtant is this concept in Vimshottari Dasa? Does it also apply to the subperiods? Is it appropriate to use the astakavarga points to assess the transit of the Dasa lord at its commencement?

Also what is the effect of a dasa whose lord is in Marana Karana Sthana in the natal chart? Does it apply in transits as well?

Best regards,
Priya

Dear Priya, Namaskar

1. We should use colours which will give good yogas like dhana or raja yoga. Yes we can also use Vara for that. Vistiji on His side has good lecture about colours.
2. That is very important concept Youve cited, it applies to all levels of Dasa. Yes Ashtakavarga is important in Vimshottari Dasa and Gochara. I think You will get Your answers reading Parasara, Sarvaali and Prasna Marga (+Brhat Jataka).
3. Dasa of MKS planet will give deathlike experience, I didnt know anything about MKS in Gochar but try it.

Dear Srikar, Namaskar

Ninth lord in second is dhana yoga. As lagnesh and eleventh lord are also in seventh from it - that forms Lakshmi Yoga. However because these planets are malefics, fruits of this yoga will be gained through harsh means/experience. 2006 to 2011 is period when curse of uncle will be experienced. That gives problem with authorities/bosses/money/debts/disease. Remedy lies in Malikarjuna Jyotirlinga.

When Rahu is in Cancer, then the bad influence of this graha is strongly checked. Rahu will tempt one to use illegal means related to finances/work (which normally native wouldnt take), this will also shows some confusion and too much doubts about dealing with money. Source of finances will be travelling/abroad (3/9 houses in D2) and will make one focused totally on work and skills (10H D3). Rahu is strong in D9 so its position in sixth from AL will make one victorious (5 from A6) (especially when Shani will come to Thula).

To say more details we should check with Vargas (that demands rectification).

Rafal Gendarz

Dear Kumar, Namaskar

Nope. Guru, Buddha and Shukra are capable of giving wealth. You should do Savitur Gayatri & Kamala sadhana if You are vegetarian. Then after October 2008 You should do Matangi Sadhana, and then after July 2012 Kali Sadhana.

Durga Japa is also very good for Rahu in fifth. You should also do donation for Ganeshji, as Ke is in badhaksthan aspected by Sa/Ma in 12 from Karaka Lagna - this makes You stucked in life.

Guruji,Vistiji tells that Venus in 10H for d1 means person like to travel what could be implication if Venus aspects 10H in d1 along with Chandra.

Dear Jim, Namaskar

1. Its just the beginning of Budha antara, so to early to judge. Anubhava of dasa

sits with AK, whilst the dasa-planet is in ninth (kavaca) from Lagandhipati and in AL as Vargottama which is quite auspicious and enforce one to define yourself. Occupation success is due to conjunction with Arudha and being ninth and fifth influence. This is also amesh of seventh lord and pakesh planet whilst nakshatresh is Chandra which again sits with AK. If your navamsa is Simha or Kanya then Budha is very important for career and its dasa will bring you closer to these areas of life.

Then in Dasa of Venus you will be interested in travels, fifth lord aspecting third lord is kind of dhimanth yoga and fifth lord in fourth is jnana yoga along with shiva yoga therefore although you said goodbye to Jyotish it will not be so easy as atma simply wants it. Therefore the world will say to your atma - welcome again.

You are truly great.
Yes words are correct "defining yourself".
I get more interest in Jyotisha just because of you, navamsa lagna is Simha i think.
Now further more I study.

Dear Rafal,

I was going through your previous post regarding replies to Kumar (28th oct 1969 , 6:11 am vijayawada india). You suggested kamalatkika sadhana. I could not understand why kamalatkika sadhana. Is it because venus is lagna lord as well as tenth lord from AL?

Now from the AL merc is the 11th lord being placed in own sign and that too vargottama should be good for money coming in. But maybe it is the shani transit over AL and ketu also passing over AL and 4th from moon the reason. So if he does remedies for this shani (chamakam) and recite the vishnu shahashranama (parashar) will it not help to increase his financial condition?

Also you mention that he should do matangi sadhana from oct 2008, is it because of Leo antardasa that will start and sun being debilitated?

Same for the Kali sadhana?

Thank you in advance.

Rajarshi

Dear Rajarishi, Namaskar

1. For any good yoga Lagnesh must be strong. And here Shukra gets no neechabhanga. Therefore Kamala/Lakshmi.
2. Yes, the eleventh lord gives money, but what with debilitated graha in second from AL.
3. Surely it will be beneficial to recite those two mantras.
4. Yes. Good shot.
