### MARANA KARAKA STHANA

Swati: Could u please elaborate on conditions of cancellation of MKS?

Here comes three methods methods:

- jagganath drekkana
- see if karaka of bhava is in trikona (Lakshmi) to Surya or Lagna. (note : this can be also used in varga-chars with respect to karyabhava).
- if graha is exalted then it can be only initially and native is rescued through Visnu blessings (exalted grahas are like Visnu)

[RRS] Could you help me with an analysis on MKS?

Places(sthana) where signifiers(karaka) are dying (maraka). There are few rules which are important to remember when dealing with marana karaka sthana. As its states it is related to avastha namely the person is feeling like dying in relation to bhavas lorded by the graha. Jataka Parijata says that to be full this graha must conjoin malefic. We see that when graha is strong then person get out from this state and often is very strong. Marana karaka sthana when related to malefics can destroy their bad traits and if this is lesson (when ak, amk or bk) then person is spiritual so You will see many adepts of spirituality with malefics are in this places. Marana karaka sthana is broad concept and can be used from karya bhava in divisionals, Arudha, from CK's and from Lagnesh but the differences must be understood. For example if Jupiter is in third from A7 then romances(darapada) or buisness can give setbacks to things represented by Jupiter. When dealing with Charakaraka's then see from which "souls" Your mahadasa is in that maraka-position. This aspect will suffer. Very important is bhava karaka and when it is in trikona (Sun representing dharma is trikona concept while Moon is kendra - support) to either Surya or Lagna then Graha is rescued by light of bhavakaraka. As light is needed we remedy this position through Gem of bhavakaraka or through Surya worship. However Gem advise must be seen from many other points especially Arudhapada. I was taught also that this is not so problematic when MKS is not in Jagganath Drekkana (2 Varga's-Parijataamsa, 3 Varga-Uttamaamsa).

Dear Rafal,

Please can you elaborate re. what is mentioned above:

"this is not so problematic when MKS is not in Jagganath Drekkana " - does it mean that a planet in mks in rasi chart should not be in mks in Jagannath Drekkana (D-3) chart or what?

Many thanx  
SS

Dear SS , Namaskar

If the MKS is present in Jagannath Drekkana then it afflicts also your karma directly. Therefore Navamsa (Pushkara) and Drekkana can milden or strengthen the effects of Rasi Yogas.

Hi Rafal,

Very well explained. You have said Jupiter in 3rd from A7 may cause setback to “things” represented by Ju due to romance or business. Now does “things” mean the natural karakattwa of Jupiter like say children or does it indicate the significance based on the houses lorded by Jupiter. In case it is the lordship of houses, then is it taken from lagna or from A7.

For example say someone has virgo lagna and A7 is aries with Jupiter in Mithun. Now will Jupiter’s MKS position from A7 destroy 4th house(sagitarius) and 7th house (meena) significations or it will destroy things represented by taking 9th house (from A7 as lagna) and 12th house issues.

Also you mentioned “When dealing with Charakaraka’s then see from which “souls” Your mahadasa is in that maraka-position.”  
So say someone has saturn mahadasa and saturn is placed with rahu which is Amk. So from rahu saturn is in MKS. So would that mean the dasa of saturn would indicate many difficulties in terms of job and people related to job/office?

Thanks once again for taking the pains to explain so clearly.

hare rama krsna,

Dear Rafal, Namaskar.

what about the retro planets in MKS. Woudnt that make a difference to the dictums of MKS avastha? Doesnt retrograde planet would indicate a planet trying to come out of MKS avastha which could prove good for the native or is it harmful for the significations that the planet holds in the chart. Thanks.

your eternal well-wisher,  
arnab

Dear Rajarsi, Arnab

Rajarsi

Whole yoga of Guru from Lagna. Lets take my example: Guru is in third (mks) from darapada which is a) AK, b) 7L and c) 10L. So while engaging in affairs which

are against Guru philosophy I can endup myself with problems in areas of a) spirituality b) public relations and clients problems c) finishing projects problems.

2. If Shani would be AmK then, Rahu is the culprit for jobs-mishaps. See from which CK's the current Dasa is in MKS, that CK's will suffer.

I have learnt that Vakri makes the MKS worse. This you will find also in one comment of Vistiji on his site.

Dear Raghu, Rajarsi  
Raghu  
Husband:

Planets in maranakarakasthan:

Mars - Mesha and Vrscika are not afflicted, but the lord is neecha in both Rasi and Navamsa. This will afflict social support, career and marriage attitude (BUT if thats first relationship THEN Mars will not harm). But spouse will earn a lot due to this placement.

Mercury - Kanya is occupied by Rahu. Shukra nor Guru are in kona, so native can reject Guru/good advise. This cause also stomach issues. But native is

God-fearing due to Rahu being karma-karaka.

Rahu - This cause family problems and enmity. Rahu is with Upapada, so native is confused in relationships. Love is most important factor to sustain this marriage and if it will be spoiled then marriage will not last..

In Wife's chart there are no mks planets, but there is strong curse of Shukra which will harm the marriage, due to financial and family ties. Nice hamsa mahapurusa yoga in the seventh giving excellent attitude in relationships. Wife is shorttempered and eyes/feet can suffer.

Rajarsi  
Thank you very much.

Hare Rama Krsna

Rafal-ji,

I have a general doubt. It is said that Rahu in ninth is in marana karaka stana. But you have said: "see if karaka of bhava is in trikona (Lakshmi) to Surya or Lagna."

This means that Rahu's marana karaka stana is always cancelled out, since he will always be 9th from Lagna?

Am I missing something here?

17. **Rafal Gendarz** Says:

May 2nd, 2009 at 10:54 am

Dear Koushik  
Nope, the karaka of bhava must be in kendra to Lagna or Surya.
