CURSES

Dheeraj: Should we see curses from Moon or Lagna?

Both Rasi Lagna and Moon Ascendent always work and can be seen regarding all doshas in the chart. But important fact must be mentioned: they show things from a different perspective. We can add also Arudha Lagna which is very important in this regard as it shows how it will hit You materially. When the tenth bhava from Moon is involved in a curse then one have problem with getting a job and support from friends and family regarding finances while if Trikonas to Moon are involved then it will afflict one's mindset giving many depressions and sad times. Check the most malefic graha involved in curse and see how karakas of cursed bhavas are placed from it.

Dear Rafal-ji,

When a planet is cursed are all its karakatwas cursed or is it only the bhava it sits on that is cursed? Will the dasa of the malefic graha causing curse be exceptionally bad and will the end of that same dasa reduce the extent of the curse? Are curses permanent? Is the cursed planet cursed in all the divisional charts? Do we look for curses separately in divisional charts?

Thanks again,

priya

Dear Rafal-ji, Namaskar,

I read your post in an astrology forum and you mentioned "Try Jupiter-curses in womens charts, every woman will have bad married life."

Does that mean, since my Jupiter is cursed, if i do get married, it will be bad :-(? Is that the most important indicator of a happy married life? Or did i misunderstand?

Best regards,

Priya

Dear Priya, Namaskar

1. Yes, we use for that moola dasa. Curses in dusthana are more permanent, yes planet is cursed in all Vargas. We look for curses in Rasi, in Vargas it can give bad emotions related to bhavas involved.

2. Your curse doenst involve AK and Lagnesh, so its not personal issue, and being in chara-rasi in D1 it can be removed by good choices.

Namaste Respected Guruji, Could you please take a look at my chart, dob 16 sep 1969 Time 16:37 or 16:42 Nagpur Maharashtra. I was married in Aug 1995 in an arranged marriage, which was a torturous, loveless and exploiting experience. I had to step out of it. I am very desirous to be married to a loving and caring person. Can you shade some light on the emotionally barren life I have had to live with? In 2003/4 I had another bad experience with a person who was very exploitive although this time I could recognize the personal traits and stayed away from it. I have worked very hard all my life and really feel a strong need for companionship. Is there hope regarding a loving spouse for me?

Dear Abha, Namaskar

Shani+Ketu aspects 2H from Upapada giving some terrible suffering in married life. Next Upapada is with Chandra which gives person with good qualities, warm and charming, with eyes round like Moon. You should fast on every Thursday and worship Brghu Muni. You should also do some dhana (dotation) to spiritual people/sadhus.

Dear Shashank, Namaskar

1. Curse is effect of serious sin which was committed conciously (dusthana) or not (kendra/kona). You are right only when you treat good material deeds and its phala (effects) in the spirit of Adi Shankara ie. treating it as papa (sins). This is the spiritual perspective as good deeds are also make us stay in this world. Only karma-yoga (detached action for God) doesnt produce fruits, and jnana burns all effects.

2. Avastha of planet cursed.

Rafal Gendarz

Dear Shashank,
1. Yes, you are right about the curses. Reg children the problem is 9L and Ju in the curse in Lagna. Ve, Me, Sa are influencing 2H from AL, but its not in kona to D7, so the case is not fatal. Savitur Gayatri is excellent for her!

Dear Shashank,
Ve and Sa must influence 2/7 from AL to cause those problems. I have learnt this rule and see working in most of the cases.

Dear Rafal - Namaste
After reading some answers by you it seems you are the best student of Visti Larsen at present.
Recently i hear two lectures on CURSES by Sanjayji & Vistiji. I am some what confused regarding order of Benifics for analysing Curses.
Srath Order- - Jup Mer ven moon sun.
Visti - Jup ven full moon mer sun.
Visti order seems to be more logical& sound but sanjayji is his GURU. So why so much difference for crucial thing. PLEASE explain.
Regards.
Satish.

Dear Satish,
Thankyou.

After Guru there is Shukra, then Chandra or Budha. That is from parampara.

What happens if in the rashi chart the benefic planet is free from curses, but in Navamsha it is cursed. Does that mean the effect of curse will not be at the young age but will be at the middle or old age? Shrapit yoga is combination of saturn and rahu? What if moon joins this combination in a particular house?

15. **Gautam** Says:

May 8th, 2008 at 5:17 pm

If someone has ketu and mars in scorpio in the 4th house, and rahu in taurus in 10 house, which house will be effected 4th or 10th and in what way? In this case can it be said that both houses are cursed due to aspects and presence of maleifics?

Dear Rafel - Namaskara.

Thanks for quick reply. But still i am confused.
You wrote its from Parampara. But SANJAY-VISTI-RAFEL is what present parampara, still there is difference in 2nd generation. So which one is correct Parampara.
Also again there is choice bet. MOON & MER for next slot. How to decide Benifics out of them?
Please reply.
Regards.
Satish.
