Su: Can you tell me how many ways a deb. planet gets neechabhanga?

POINT 1:

Which are the neechabhanga planets:a) planet which lords the exaltation rasi of that graha

ex. for Sun it would be Mars (Aries is exaltation sign)

b) planet which lords the debilitation rasi of that graha

ex. for Sun it would be Venus (Libra is debilitation sign)

c) planet which gets exalted in sign of debilitation

ex. Sani has exaltaion in Libra which is sign of debilitation of Surya.

Conclusion: Mars, Venus, Sani are the neechabhanga grahas for Surya.

POINT 2:

Three ways of neechabhanga:

i) by grace of God - uccha avastha in Dharma-amsa. After initial setbacks native gets phala.

ii) by society or mantra - when neechabhanga planets are in kendra to Moon.

iii) by own skills/supports - when neechabhanga planets are in kendra to Lagna.

So when:

i) Surya is in Mesha-amsa (Purna Neechabhanga 100%)

or

ii) When Mars, Venus or Sani are in Kendra to Moon or Lagna (75% Neechabhanga)

Surya achieve Neechabhanga state

Dear Rafalji,

Continuing with this thread, how would moon in scorio (its debilitation sign) get neech bhang.

I have moon with mars in 11H in D 10. Would Mars (in its own sign) provide neech bhang..???

With warm regards

Bobby

Dear Bobby, Namaskar

1. Planets debilitated in D10 are source of wealth.

2. Mangal or Shukra should be in kendra to Ch or Lg to give neechabhanga to Chandra.
3. Mangal in 11H in D10 is very good and gives effects of Jupiter on Lagna - pioneer (digbala) in field of knowledge, strong intelligence in work.

Dear Rafalji

1. For Virgo lagna, Jupiter is in Lagna and Mercury is in 7th house of pisces. Moon in the 6th house of Saturn(aquarius)

Question: Would Mercury debilitation be cancelled or NeechBhang yoga occur because of the Parivartan yoga between Jupiter and Mercury.

2. Jupiter would be the lord of the debilitated sign of Mercury which is placed in the lagna , would this also cause Neechbhang?

3. How many different ways would Mercury's neechbhang will be caused and how would the native succeed in life with this kind of combination. Which of the three ways of neechabhanga will be caused. i.e.

i) by grace of God - uccha avastha in Dharma-amsa. After initial setbacks native gets phala.

ii) by society or mantra - when neechabhanga planets are in kendra to Moon.

iii) by own skills/supports - when neechabhanga planets are in kendra to Lagna.

Rinku

Dear Rafalji,

My Sun is debilitated in Libra with Lagna. Mar in 4th exalted in CAP and SAR in Aries of 7th house causes the Neecha bhanga.

However when does the activation starts and what are the likely effect of this? especially what type of dasa can be considered with?

Kumar

Dear Rinku, Kumar Namaskar

1. Parivartana will help but alone cant guarantee neechabhanga. Here the situation is different: still Jupiter and Budha are in kendra to Lagna giving 50% of Neechabhanga, Venus can add additional 25% if in kendra to Ch or Lg.

2. As above.

3. Type iii. This will show that first there will be trouble, related to people/spouse/travels, then native will be build up with wisdom, fortune and principles. Without parivartana native would be poor and without any guidance/inspiration whole life.

Kumar

Shani in Aries will not help due to weak deeptadi-avastha, but surely it will give rajayoga, but juniors/subordinates will suffer. Neechabhanga starts when bhanga-grahas are activated due to naisargika years (like Mangal gives 27/28 yr) or Dasa in Vimshottari.

You can see my chart:

<http://www.rohinaa.com/images/stories/rg.jpg>

Sun is debilitated in fifth bhava. It has full neechabhanga as Mangal is in kendra to Lagna, while Shukra and Shani are in kendra to Chandra. This will be activated in my 25/26 yrs of age. In that time I started teaching Jyotish (Su-karaka for Jyotish, fifth bhava - high vidya).

Dear Visti-ji, Namaskar.

What happens when a neecha planet is also retrograde?

I have Saturn(R) neecha in the 11th bhava with only Mars in the 4th from lagna and together with chandra. How will this affect my life...especially in regard to friends and older siblings? I have 6 older siblings with whom i am eager to maintain good relationships with.

Dear Rafalji,
Namaste,

My Sun is debilitated in Libra with Lagna ie in the first bhava, Mar exalted in 4th being kendra what does this imply? like 5th in yours is High Vidya. Also does Shashti hayani dasa count as Shani maha dasa just started there for me. How to realise that which is more appropriate?

Pardon me for any ignorance as i am just trying to understand.

Priya

Vakri grahas in eleventh bhava are bad as it shows that results of work are delayed, this can make one dismotivated. This ill afflict one's rise due to being in 7 from AL. Relation with siblings You should study in D3.

Kumar
It gives Ruchaka Yoga which can give knowledge of mantra, tantra, beside giving valour, gallantry. This can also give lands and foreign stay.

Dear Jim,
Guru, Surya, Ketu in kona to Navamsa Lagna and Karakaamsa. Karakaamsa in Guru-mangala yoga aspected by Tapaswi yoga. AK aspecting eleventh bhava in Rasi.
Rasi: 8L exalted in fifth with fifth and ninth lord. Ju+Ve in fifth, Me in forth, Me exalted as Lagnesh and Arudha Padha Lord in Arudhapada aspected by the nodes. Sa in eleventh in D9; few yogas in D10, D27 and D60 add to this picture..

But all this would be nothing without mercy of my Guru and Paramapara.

Dear Guruji,
Namaskar,

I was wondering Sankha yoga or Sankhya yoga are they both same, what planetary combination causes this yoga, I just read from Sanjay jis website, here is link-><http://srath.com/index.php?blog=3>
"This is Sankha Yoga showing that he will be the first of something, like first Prime Minister or First President or the creator or innovator of something new. This is a very powerful yoga as it give the power to bring about radical changes and start something."

I would like to learn this yoga, Your reply is going to unlock rusted iron doors. This Surya Dasa is crap, it is likely to reward me in Venus antara as that time Anubhava will be 3rd from Capricorn which is A5!!!

Yours astrologically,
Jim

Dear Guru ji,

I am Leo Lagna, Leo Raasi

Mars, Venus, Moon - Leo

Sun, Mercury, Sani - Libra

Gu, Ketu - Scorpio

Rahu - Taurus.

Will I get 100% Neechbhang? From your calculation explained in the beginning I can make out 75% will be Bhang. But is there any possibility of 100% Bhang for Sun?

Dear Santosh,

100% is for exaltation in Navamsa - only God (d9) can grant it, otherwise in your case its 50% without mantras.

Dear Rafalji, Namaste.

Can you pls tell me a little more about dwi-guru yoga. How does it usually manifest in one's life.

I am not sure if I have dwi-guru yoga although it looks like from your articles - Dec 31st 1977 @ 16.07 in Kuala Lumpur, Malaysia (7.30+GMT).

Jupiter in this case is lord of the 8th&12th sitting in the 2nd RX - how does this affect. It is aspecting the combust Venus in Sag

Also if you notice in my Rasi-D9-D10 I have almost everything retrograde except Venus. How will this many many retrogression affect a person.

Thank you and god bless.

respected gurujji,

I am a leo lagna with Venus placed in 1st house (leo), saturn and jupiter in second house (virgo),sun is placed in third house (libra) where it is debilitated, mercury also in 3rd house, Mars in 4th house (scorpio), Ketu in 6th house (capricorn), moon in 7th house (aquarius), and rahu in 12th house (cancer)

Sun is placed in scorpio 5th house ruled by mars in Navamsa..

Do this still mean Sun is debilitated..what are the affects of it? is there any way to prevent it? please advise.

Thanks so much
sejal.

Dear Sejal

Venus in Leo Lagna is very good. It makes person very influential in life, usually in last part, or earlier if Dasa is triggering.

Shani and Guru in second house is also rajayoga, this is normally in early life, if there are no planets in twelfth.

Surya debilitated can destroy all rajayogas (Saravali). Here it has bhanga from Shukra and Mangal. Shukra shows marriage is important whilst Mangal house is

important for influence in life.

Surya has 50% neechabhanga so its not debilitated, but surely it will delay all yogas in the chart. Look for Narayana dasa in Sthira signs, this will be the time when the Surya will rise.

Rafal Gendarz

Respected Guruji,

Hare Rama Krishna,

Thank you for your response. Does this mean 50% neechabhanga will affect my health and give short life?

Do i have ruchaka yoga since Mars is placed in Kendra in its own sign? how is the married life affected by all the placements in the chart?

Is placement of Moon, considered inauspicious in my chart?

Please advise.

Many thanks in advance,
Sejal.

Respected Guruji,

I have Thula lagna with Mercury in lagna.

Rahu in 6th house

Saturn (in debilitation) in the 7th house

Jupiter, Mars, and Moon in 11th house

Sun, Venus (in debilitation) and Ketu in 12th house

Guruji, I want to know whether my Saturn and Venus gets neechabhanga.

If there is a neechabhanga, when I can experience the yoga

Thank you
Sathish

Dear Sathish

Shani neechabhanga grahas: Ma, Ve, Su.

Shukra neechabhanga grahas: Ju, Me

1) Analyze if these planets are exalted in Navamsa - if yes there is full neechabhanga

if not:

2) Shukra has 50% of Neechabhanga due to Ju in kendra to Mo and Me in kendra to Lg.

3) Shani has neechabhanga from Ma in kendra to Moon (Shukra is too weak to protect Shani here). So its 25%

Ve+Ke in 2H from AL gives blood problems, this being in 12H can demand hospitalization. Me/Ve have parivartana so Me would protect your health. Ma in badhak can attract battles and give lot of jealousy from others due to your actions (AL). This can be experienced abroad (12 from LL).
