

## Remedy for Grahas in Marana Karaka Sthana.

FAQ

September 16th, 2007

Rhoda (query from the list): Would you be kind enough to send us the list of all the planets in MKS , AND HOW TO remedy the situation.like you wrote about SUN in MKS.. what is the remedy for the other planets?

### hare rama krsna

Dear Rhoda, Namaskar

**Surya (12H)** - Neelam & Varuna Mantra

**Indu (8H)** - Neelam & Varuna Mantra

**Bhauma (7H)** - Diamond & Ravi Mantra

**Buddha (4H and 7H)** - 4H - Pearl & Mitra, 7H - Diamond and Ravi Mantra

**Brhaspati (3H)** - Coral and Vivasvan Mantra

**Brghuputr (6H)** - Neelam & Varuna Mantra

**Shani (1H)** - Ruby (or for ladies Pink Ruby or Garnet) and Surya Mantra

**Rahu (9H)** - Yellow Sapphire/Topaz and Vishnu or Guru mantra

Sikhi (some say 2H)

Now with gems we should be careful and check how this will affect other yogas (representing areas of life).

Dear Pooja , Namaskar

Not in the same way. Generally MKS from Lagna afflicts terribly the houses lorded by that planet. While for Arudhas I was taught that when the arudha starts working then the planet becomes afflicted. So in this case it can mean that when one rises in financial and careerwise status then the planet can meet problems.

Namaskar Guruji

What are the effects of a planet if it falls in MKS from Narayana dasa sign.

\* will it spoil lordship as per Lagna or as per dasa sign

\* for eg for Libra asc venus in capri becomes MKS in the Leo dasa, so will it harm lagna and 8th lord significance (as per lagna ) or 3rd house and 10th house significations (if we treat Leo as lagna because of Dasa rasi)

\* In case of remedy will only Mantra will do some effect ( if effect of gem is not good from other point of views)

Yours

Anil Bansal

6. **Rafal Gendarz** Says:  
September 21st, 2007 at 10:29 am

Dear Anil, Namaskar

1. It will spoil the bhava lorded by this graha, so the result from Dasa Rasi will show circumstances while from Lagna it will show Yoga (what will be afflicted). Instead I was taught that when Dasa Rasi comes to some graha it will spoil house in MKS from that graha/dasarasi. So if Moon is in Dasa Rasi it will spoil bhava eight from it. This is all in my article in "Articles" section.

2. Houses from Dasa Rasi shows circumstances, from Lagna it shows what is happening (which elements are afflicted/benefited).

3. There are many kinds of Upayas ie. fasting, offering, helping others etc. All depends on nature of problem.

For Ishta devata and Dharma Devata we worship Vishnu, for Palana Devata we also can, but here we can also worship Mahavidya. So for Jupiter it will be Trivikrama mantra.

one thing more! dont you think we should co-relate our palna devta with our Kula devi. As kula devta which should be form of devi bcoz only devi or female can lead to one lineage or kula.

Dear Pooja , Namaskar

Co-relation relates to similar or common function. Here it is different. Kula Devata ensures family auspiciousness while Palana Devi ensures You can maintain your body, therefore its more personal and individual for each person in family. If whole family digest some big issue then its necessary to propitiate Kula Devata (second bhava in D20). Grama Devata sits in forth bhava. Hope its more clear.

Dear Pooja , Namaskar

Ghataka refers to suffering. The one with Ghata-Tithi gives emotional pain (for physical pain we see Lagna-Ghatak) to the partner, sometimes very unconsciously.

Health problems to spouse we see from 2,7 and 3,8 from Upapada Lagna in Rasi.

The remedy is worshipping Bagalamukhi (offering with left hand yellow flower in Tuesday).

Dear Pooja , Namaskar

Yes, we can advise Gemstone of Lagnesh always, but like You correctly recognized position from AL is important to check, especially with Gems like Neelam.

Now:

Shani in ninth house brings protection from people in general, but if its connected to Saapa, then this can turn out into problem, so whole Yoga is necessary to see.

Shani in fifth from Lagna gives problems to our plans, rajayoga (when Lagnesh then it can act like Surya so its not so bad) and future and in that situation we advise worship of Sri Narayana to avert those problems.

Respected Guruji,  
Namaskar.

In a chart of a young girl, Bu and Chandra are in MKS. Is it ok if the Om Hram Ghrini  
Adityaya Namaha for Bu and Om Hram Ghrini Varunaya Namaha are mantras are done?  
Actually it is Sa-Moon yoga in the 8th. As you had advised else where the MKS of Bu will  
start to take effect when in relationship? There is also the curse on Chandra, which is  
also the DK. with Rasi drishti of Rahu. The birth details are January 4, 1995, 18.55 hrs,

hare rama krsna  
Dear Nalini , Namaskar  
Yes, this Sa with Ch in Maranakaraka sthana ends the Grahamalika Yoga which  
makes the chart a bit inauspicious. Eight lord in eight bhava will give spirituality  
(harsha yoga) and Moon will guide one into yoga/kundalini practice, but Shani  
being enemy of Brhaspati and Surya will hit the intelligence and health of the  
person. Worst curse is of Guru in fifth bhava (with Ishta Devata graha) and this  
should be remedied by Ganapati worship. Buddha Maranakarakashtana is not so bad  
as Venus is in kona to Lagna but Your mantra for Varuna should be recited  
definitely. Lagna and Arudhapada are in bandhana yoga (also konas to AK have  
malefics) which will make one stucked, Buddha is in Kendra so Vishnu mantra is  
very good idea. 5H, Jupiter and PK in 12 from Surya-AK also doesnt say well about  
progeny.

For Ganapati worship can the badhaka damana mantra, Dhumravarnaaya hum be  
recited? due to chaturthi birth, a loaded 8th house, afflicted 4th house should the

Radhika pujita mantra be recited? What should the vishnu mantra be based on, 7 syllables, due to 7th house position?

Is Namō Naraayanaya advisable? as the prefix Om gives an. Can you guide me on this? How should the mantra be reckoned? with the MKS of budha in 7th should the energies be transferred to the seventh house? For the curse of Guru in the 5th should the mantra effectively take away the curse and how to address the house that could transfer the energy and also how to determine the mantra devata on the basis of mantra?

Nalini

22. **Rafal Gendarz** Says:  
October 9th, 2007 at 3:40 pm

hare rama krsna

Dear Nalini , Namaskar

#1 It can be Om Ganeshaya Namah (from VRA) or any other suitable Ganesha mantra like Om Gam Ganapataye Namah. For children in Mercury Naisargika Dasa mantra - namo ganapate tubhyam jyesthajyesthaya te namah - is very auspicious as it has 6 words and 16 syllables (removing shadripus/tamas and giving energy to forth bhava - studies/learning). This will also help for Chaturthi-tithi which is lorded by Ganapati.

#2 Vishnu Mantra: Om Vishnave Namah or mantra for Sri Rama (Buddha is in first drekkana).

#3 I'm very careful with changing original mantras, so if we are very concerned about mantra kriya and mantra bhoga we should research sastras and find those mantras instead of modifying it.

#4 If Buddha is in MKS then Ravi should be worshipped with Ghrini beeja - Om Hram Ghrini Ravaye Namah. Still it's not a big problem in this chart.

#5 Yes, curse is in Vrscika-rasi and Ketu is wellplaced so Ganesha sadhana will take care of it. So while working with curses, You should first see (1) lord, then (2) bhava karaka and remedy should be based on that division.

#6 Mantra devata is object of mantra, His placement in chart is seen by (1) counting number from mantra kriya to mantra bhoga and (2) the same number from mantra bhoga. So we say it's like arudha-counting. Rsi is head, chanda is mouth, Devata is heart, Beeja is linga, Shakti is feet and the fifth one is Kilaka.

Rafal Guru Ji,

How do we determine which deity to pray to attain Moksha according to one's horoscope? In my case Ishta devatha is Mother Mahalakshmi, Palana devatha is Mother Mahalakshmi, is she supposed to be worshipped? Or do we look for planets in the 12th house to achieve liberation in this world, I have Mercury and Mars in the 12th, but they are not Moksha leading planets, so how do we determine these from a chart, like does a person have potential to achieve liberation?

As eight lord & malefic is in forth bhava home atmosphere can be little disturbing to You - You will feel stucked due to bandhana yoga. Many planets in eight bhava shows Pravraja and Moha - problem with judging facts reasonably. This however gives also occult knowledge and interest which arised from 2nd part of this year. You are also very charitable person, sometimes very moody and unsatisfied with work and relationship due to high Rajas and prones to mistake (ke with ul). Where can the indicators for rebirth and planets signifying the place be accessed/known from?

You use the beej mantra, hraum for aditya mantra yourself, is it Hram +Om, why is it used instead of hram?

If Ravi is the devata then should ravayenamaha be used?

When is Mitraya namaha used?

Also with regard to forceps birth(used just above the temples towards would that mean Mars in lagna in Navamsha?

Dear Pradeep, Namaskar

1. Those benefics with Lagnesh which are aspecting Ra & Ke have the power for release of bandhana. So it will be through own effort related to spirituality.

Otherwise mantra 'Hare Rama Krishna' is remedy for Bandhana.

2. I made a mistake. It is Ruby for Rahu in tenth, not Coral.

3. 'Om Dakshinakalike Namah' (3 or at least 1 mala). Shaapa means curse, and in Your chart it is Brahmana-Shaapa which is curse of Guru/Brahmin.

4. Problem with money will disappear when the curse will be corrected, as Shani (engaged in curse) is in second from Lagna and lording 2 from AL. As Venus is 11L from AL in 12H from AL Moola dasa shows some investments which deplets bank account. Venus is also 2L in eight bhava giving monetary issues.

Just do the remedies.

1. Brhat Parasara Hora Shastra. Longevity Chapter
2. Hram. A is masculine, while aa is shakti. Au is for sight.

Respected Guruji,  
Namaskar.

Thanks you for the teachings. So could Hraum Namaha Adityaya Namaha be used as  
mantra irrespective of the Surya's placement by Jyotishas?

Or is it to be used in specific relation to the AL, 11th, 12th lord etc?

specially if Surya is Uttamamsa.

how would an uttamamsa graha give results when it is in different houses and lordships?

eg: Sun is uttamamsa, in Kumbha, in D1(6th form AL), D9(AL), D3(Jn)7th from AL? 6th  
from Al in D1 is good for materialistic purposes rather than spiritual, what about in the  
other vargas?

What are the necessary placement of nodes for a forceps birth, would it necessarily be  
in D9 lagna? would any other combinations also indicate a forceps birth for eg other  
vargas?

1. Per Sanjayji's teaching in Serbija, Surya Vesa should correspond to Lagnesh in  
chart. In my case its Buddha, therefore Aditya.
2. Vaisesikamsa relates to level of influence, wealth, jnana etc. Thats the  
paramater which differentiate king from normal person. But here there is alot of  
place for research still.
3. Node should have some connection to Lagna. You can refer to Vistiji's and

Can any mithuna lagna person do the Hraum Namaha aditya mantra,even if Surya is 64th Navamsa lord?

My birth was a forceps birth. But D9 lagna is Rishaba with Guru and Sukra in lagna. Ketu is yuti Budha in 3rd, has Rasi dristi on lagna, would that fit? Shifting D9 lagna to Mesha is an option which would explain many things but how would that relate to a forceps birth? Bringing the D9 lagna forward to Karka would mean a time of 14.59 which is way off as the time could be off by a few minutes + or -. How else can I rectify it? what other vargas do one need pay attention to fine tune/rectify the time?

Dear Pooja , Namaskar

Relation between Surya and AK shows level of spirituality. If Surya has argala on Atmakaraka then soul can direct itself into spiritual way. How this way will be will depend on forth from Karakamsa. Who will help in this way is seen from kona to Navamsa and Vimsamsa Lagna. What are the obstacles in the way are seen from Shani Ashtakavarga in D20.

External acceptance of spirituality depends on Lagnesh/Surya relation.

2. There are few Varuna Mantras like : om vam vam vam sah varunaya namah. BUT here we pay attention to flow of energy/resource which MKS takes away. So the mantra for You would be: Om Hram Ghrini Varunaya Namah (from 3 increasing to 5 malas daily).

3. Trayambaka mantra for Shukra-saapa.

4. Reg. Dakshina-Kali Mantra, 3 or 5 malas, till resolution of problems.

Namaste Guru-ji,

I was born on the 23rd of November 1970 at 2130 (+7.30 GMT). I have just ended a very bad period of Rahu Dasha. Will Jupiter(Badhakesh) dasha be any better....will it behave as a Venus Dasha due to conjunction with Venus (and also parivarthana between Jup in Taurus and Ven in Pieces in D9)? Please advice on the best colours that i should utilize. I am looking at my 7th house and its dharma and future. The 9th from Saggi has Ketu. The 5th from Saggi has a debilitated and retrograde Saturn. The lord of the 7th Jup(AmK) is in Libra with a retrograde Venus(PuK). Atmakaraka Mars and Darakaraka Moon are in Virgo.

How will all this affect my relationships? Espeacially during Jupiter dasha which just started about 3 weeks ago.

What is the significance of a vargottama Atmakaraka in Virgo - AK is Mars in the 4th from Gemini Lagna in Rasi chart and in the 6th from Aries lagna in D9 chart. Also in Rasi, AK Mars has parivarthana with lagnesh(Mercury)in the 6th(Scorpio). Will it be good to strengthen Mars or Mercury? (Mars is with DaraKaraka Moon): (Mercury is Pitrikaraka with Sun[GK])

Dear Priya, Namaskar  
You didnt provide place of birth, but I assume Your Lagna is Mithuna.

1. Yes, Guru dasa will be a lot better, due to rajayoga and influencing Arudhapada. It will give influence, rise, direct events related to work. It will also favour with travels. This yoga in fifth will block Rahu in ninth which is very positive.

2. Navamsa Parivartana is especially vital for Antardasa level.

3. AK in Virgo is with Surya which shows proneness to conflicts, forcing personality and events related to arguments comming from pastlife. It also shows tension related to relatives and some losses related to house/place of stay.

4. Parivartana from Buddha to Mangal shows transformation of Your idaeals and character. So buddha dasas will cause conflicts, while that of mangal will show transformation for stability but with stress.

5. Guru is cursed so if You are talking about correcting karma/remedies/Upayas then Vishnu Gayatri is best for this chart.

Dear Priya, Namaskar

Yes, we have also these kind of universal remedies.

Yellow Sapphire and black colours are auspicious, however black is not good for spiritual practices. Avoid yellowish white and red. You should also have very good relation with labour workers. Praying to female form like Maria is very auspicious. East and North directions are very good. For health saltish food gives ojas responsible for immunity, longevity and strength. To find soulmate (if you hadnt anyone before) its good to have work, as this is the energy which should be activated, Jupiter in Libra with Venus shows some party or gathering as place of meeting. You should have children to rise in life.

Lagnesh with third lord in sixth gives gallantry and intelligence, but too much agni will cause some battles with family and relatives.

Guru Shukra Yoga gives consulting, advising, teaching which will increase until 2010. This can be connected to sales/foreign connections.

Dear Priya, Namaskar

Yes, we use Maranakarasthana in Varga, but it is most useful by taking the root point as Karyabhava. For example Shukra will be bad in Vyayabhava (12H) in Navamsa as its sixth (MKS) from Karyabhava (seventh). Somanath Drekkana shows how You use or keep Your ojas, so Shukra in sixth can cause some disharmony in private life. Diamond is good for Mithuna Lagna, especially if Brghu is placed in 1,2,4,8,10 from Arudhapada, otherwise it can be neutral or bad.

1. Its like Vasistha teaching Rama war (for Ju in third), so through own effort (d1) one can escape MKS situation.

2. Depends on many factors. Usually third and fifth planet in Vara Chakra scheme should be well placed.

3. If planet is in MKS in D3(jn) then situation is worst as karmaphala is affected by it, or rather You dont escape this while initating activities. The same is with Bhava Chakra but relates to one's perception.

For day birth, day planets will not suffer so much in Marana Karaka Sthana.

Dear Rafalji,

Please let me know if I have got the below example right ?

1st house - Taurus

2nd house - Gemini - Moon  
 3rd house - Cancer - Jupiter  
 4th house - Leo - Saturn  
 5th house - Virgo - Rahu  
 6th house - Libra - Venus  
 7th house - Scorpio - Mars, Sun, Mercury  
 11th house - Pisces - Ketu

There are 4 planets in MKS from above.

1) Ju in 3rd - The karaka for 3rd which is Mars is with Surya, therefore in trine from Surya. Therefore the MKS is rescued by Mars.

2) Ve in 6th - The karaka for 6th is Saturn who is in a kendra from Sun and Lagna, therefore this avenue is ruled out. Next comes 5th planet in varachakra which is Shukra, Shani, Surya, Chandra, Mangal. Again Mars is conjunct Sun so Mars can cure this situation as well.

3) Ma in 7th - The karaka for 7th is Venus, who is in 12th from Sun and 6th from Lagna, therefore this avenue is ruled out. 5th from Mars in varachakra scheme is Shani who is in 4th from Lagna and Surya, so there is no cure for this situation. 3rd from Mars in varachakra scheme is Guru who is in 9th from Surya. Therefore Guru can rescue this situation. Isn't this so interlinked? Mars rescues Jupiter and then Jupiter rescues Mars?

4) Me in 7th - Karaka wise the analysis above holds good. 5th from Me in Varachakra scheme is Surya himself. Therefore Surya himself will rescue this situation.

From the above it looks propitiation to Jupiter, Mars, Sun will help. Is my thinking on the right lines?

Dear Ravish, Namaskar

1) Brhaspati in Parakrama Bhava - Ke is in Meena, so Lobhabhava will be afflicted, it will be hard to predict what will happen as Ketu sits there. Jupiter is stronger so native will be peaceful although can be tempted to use bad ways/inspired by bad friends. This will give bhagya as this Guru aspects ninth bhava. And finally good support from friends (2H/5H from AL). Shani is third in Varachakra, being badhakesh in forth can give hounded houses or bad vastu beside sorrowful childhood. So Shani will not help, but Guru is strong so this will not be problem.

2) Brghu in Shatru Bhava - again own house, but Yellow Saphire is good option, otherwise one will be biased about one's health, can be very lazy about it, especially as its twelfth from Surya. Shukra is Vakri which gives strong character, but few battles in life. Rahu is third in varachakra and is strong in Kona (mrdanga) can give foreigner with Virgo Lagna which will help native.

3) Mangal in seventh - this is bad as Buddha is cursed there. Surya in seventh often give bad character, Mangal give overprotective attitude related to spouse, Buddha is giving conflicts. Jupiter aspect denies short life of spouse-yoga, and loose morals-yoga. Buddha and Mangal forms Jnana Yoga and in Vrschika this gives occult knowledge and can give also interest in knowledge about relationship/love/sex. Jupiter helps (3).

4) Buddha is strong because birthtime around Sunset.

Dear Rafal-ji, Namaskar.

Is it true that Rahu will not harm Gemini ascendants because it gets exalted in Gemini? Even if Rahu is in MKS from Gemini lagna? Does Rahu reject/harm the planets/bhava in the 9th from it? Is the 9th from Rahu counted in a backward motion?

Many Thanks,

Dear Ashish, Priya, Vaishnavi, Namaskar  
Ashish  
Sa, 5L and AmK are in 4 from Me-AK. Recite: Om Namah Shivaya Namah Mahakalaya (5 malas daily). Also you should start worshipping Tara for Brhaspati in neechavastha and Malavya Yoga. You can think about going abroad, if you are still in home-country. There You will meet more success.

Priya  
1. The planet in Rahu sign will not harm.  
2. Zodiacally.

Vaishnavi  
1. Its not big dosha either way.  
2. Why You think so? Surya is involved in curse..so bad idea.  
3. You have curse of Shukra and remedy is Prajapati.

Hina,  
Om Hram Ghrini Suryaya Namah. Choose good muhurta, which Surya in Kendra, while fifth and eight houses should be empty.

Sudhish,  
Yellow Topaz/Saphire is the best, as Surya sitting in 12H from AL can make wearing Coral risky thing. You should recite mantra for Chandra-Saapa: Om Namah Shivaya Namah Somanathaya 5 malas daily starting from Monday. Years 2002-2011 should be good period for You but the curse will afflict, after March 2008 there will come fresh air..

[January 6th, 2008 at 11:06 am](#)

Hi. I have a question about Isthadevata, Palanadevata and Dharmadevata and indications for spiritual pursuits.

My Rasi is as follows: Lagna, Venus and Maandi in Kanya; Sun, Mercury and Rahu in

Thula; Jupiter and Moon in Meena; Ketu in Mesha; Mars in Mithuna; and Saturn in Kataka. At present I am running Mercury Dasa and just started on my Rahu Bhookti.

My navamsa is as follows: Lagna and Moon in Kataka; Saturn in Kanya; Mars and Ketu in Dhanur; Jupiter in Makara; Mercury and Maandi in Meena; Venus in Mesha; and Sun and Rahu in Mithuna.

The Atmakaraka is Sun (Karakamsa is Mithuna); Amatyakaraka is Jupiter; and Bhatrikaraka is Mercury.

In my Vimsamsa chart, Lagna, Jupiter, Sun, Saturn, Rahu and Ketu in Thula; Maandi in Dhanur; Mars in Makara; Venus in Meena; Mercury in Mesha; and Moon in Simha.

If I understand correctly from all available readings, my ISTADEVATA would be Mahalakshmi and Parasurama. However as Venus is debiliated in Rasi, I need to worship Yakshini devatas also. Is this true?

Second, Palanadevata (sixth house from Jupiter) would be Mercury who owns Mithuna, which also happens to be Karakamsa. Should I worship Mahavishnu's avatar of Kalki? I do not subscribe Buddha as the Lord's avatar as som literature indicate. Or since Sun and Rahu is placed in Mithuna and with the former having higher latitude, would it indicate I pray to Lord Rama and Siva?

And as Dharmadevata, since Saturn is 9th Lord, I would have to worship Lord Kurma? Os Lord Shastha?

Whom should I pray to as a Gurudevata (as seen from Bhatrikaraka)? Would it be Meena where Mercury is placed? In such a case, would it be Lord Rama or Lord Krishna?

I also understand that if Sun and Rahu are placed in Karakamsa, the concerned person will die of snake bites. Is this true? Mars and Ketu are influencing it strongly.

More importantly, with Sun and Rahu in Karakamsa (a trine position) and 5th house trine Lord Saturn with his 10th house aspect as well as Mars and Ketu with seventh house aspects (with all malefic planets and no aspects from benefic planets) enable the concerned person to engage in mantra/tantra/yantra sadhanas and be successful in it? I am already initiated into a number of mantras by learned gurus. Perhaps, my Vimsamsa chart could confirm this.

I feel if you could advise me on the appropriate deities to worship (through mantra or sadhanas), it will be beneficial for my spiritual and life pursuits.

Regards.

K. Kalyanaram

Dear Members, Namaskar  
Ashish

You are in Ra-Me as Utpanna Vimshottari is best dasa for You. Emerald is forbidden as Budha is AK. Diamond, right finger, right hand. It will give fortune and protection being natural kavacha from L and AL.

Hina  
Just do Surya Mantra in meditation. This is important for profession as Shani is Karmesh from Indu. Your hot temper is connected to Rudra Yoga influencing Arudhapada (mo+ma). On ther other hand Karakamsa recieves drsti from Ke+Ve, this gives Tapaswi/Spirituality. bhps 24.25. You should also worship Durga for financial stability as its in Naidianaamsa and Your ishtadevata.

K.Kalyanaram  
Just give your birthdetails.

Simi  
Shukra afflicted in fifth bhava gives attraction towards dark worship. Badhakesh is with Pisaca Yoga which can also attract the same. For studies he should do mantra of Ganesha: Gajananaya Hum. He should face north while studying, and before sunset. He should worship Vyasadeva. Vyam Vyasadevaya Namah. This should help Him in His studies and general welfare.

Gems on left hand, take away bad energy of karma, on the right are grasping/emanating the good energy. If Shani is in third then we can wear neelam on left hand to counteract bad fortune (asp on ninth bhava), overindependent nature (gurupadesa bhava) etc.

Definitely right hand.

For snake bites, it must influence Navamsa Lagna. If benefic is aspecting then it can give person dealing with poisonous substances like doctor, or one somehow engaged in making bombs like Einstein (see His chart).

Yes. Kona to Karakaamsa occupied by malefics makes a person knowledgeable with mystic science. Benefic is aspecting Karakaamsa so You will use it for good means.

Dear A.Agarwal, Namaskar  
Planet in Marana karaka sthana is not enough to destroy bhava, malefics must also aspect. Fifht bhava is lorded by maranakaraka sthana and is aspected by two malefics namely Rahu and Shani, so that can cause some tension related to lovelife (lord in seventh and Shukra is in twelfth from that). Still worst dosha is curse of Mangal and the mantra of Bhimashankar Jyotirlinga should be recited. Om Namah Shivaya Namah Bhimashankaraya 5 malas daily, starting from Saturday with good muhurta (no planets in 5/8; Surya in kendra/kona). From 2006 Vrscika dasa started so thats the remedy You need the most!

Dear Nitin, aRNAB,  
Nitin

1.Benefics debilitated in Kendra shows stress, this is in fifth from AK which cause depression and being stucked in life. Furthermore Shukra is in papakartari and 4L in D3.

Shukra indicates Ishtadeva so You should start reciting this mantra: Om Namoh Bhagavate Hrsikeshaya at least 5 malas daily.

2. Your Chandra is in sixth bhava, so Utpanna Dasa should be used. Its Rahu-Rahu period, and being AK shows some enmity and problem with sleep (12H), this also considerably damage finances being in eight from AL. We must however see broad picture to find the problem. Chandra is cursed by three malefics, but being in dual sign in D9 - this curse can be remedied by mantra. From 2011 to 2013 this damage will be the heaviest - this will come in form of enmity, shadripus (Shani in 12 from 6H) and bad health (2 from AL). Native will feel stucked in material life and profession (7L from AL and 2H from AL involved). Worshipping Narayana is the remedy. Om Namoh Narayanaya 3 malas daily.

Shukra exaltation in Navamsa while Surya and Mangal strong and vargottam are blessings in Your chart.

aRNAB  
Depends on position, if lagnesh then native is very determined. If benefic in Kendra (mercury in 4/7) and vakri then native is very giving.

January 21st, 2008 at 3:23 pm

Dear Pradeep, Jagmal, K Kalyanaram,  
Pradeep,  
Nope, for Guru-curse in Your chart, worshipping Ganesha is the remedy. Red coral is very bad for You, while Ruby and Pokhraj will cause expenses.

Jagmal  
Guru is debilitated in Makara Rasi, not in Mithuna. Your fortune is abroad. You will go into conflicts easily due to Ketu in badhaksthana as 3L. Chandra is cursed and way out is Savitur Gayatri. Thats most important. In career You will have success with management or artistic field.

K Kalyanarama  
You can recite Om Namō Narayanaya 3 malas daily. Thats different mood (represented by different grahas) that Vishnu avatars (like Narasimha deva). Regarding Durga, choose form which You are attracted to.

Dear Pradeep, Namaskar

Pradeep

Yes, depends what is more important. Surya being in twelfth from Arudhapada can cause expenses when activated, but still it will cure the bad effects of Rahu in tenth. Infact this Ganesha sadhana is so crucial, this will help You in all areas of life including marriage (as 7L, Shukra and Upapada lord are involved in curse).

For Past karma causes and effects study Shastyamsa Chart.

Jagmal

You should definitely worship Kali for Shani debilitation (as 5L, and 7L from AL) and Shiva for Sarpa Yoga.

Om Dakshinakalike Namah (this however demands vegetarian diet)

Om BhurBhuva Svah Sambasadashivaaya Namah ||

If You can also have Jagannath Idol made in Neem wood, it would be also very auspicious, as Mangal is in tenth/Ketu in seventh in badhak which can cause some Pisaca badhak.

Dear A.Agarwal, Namaskar

Afflictions in Your chart related to career and remedies:

1. Fifth lord with Ketu often shows person who is stucked in life, the future doesnt start, due to mistakes or lack of opportunities. Here You can worship 1) Sri Ganeshji 2) Devi. My advise is to recite mantra Om Ganeshaya Namah.

2. If Navamsa Lg is simha, then Shani sits in tenth. The same shani is in worst house in rasi - third, with ninth lord Jupiter and aspecting ninth house. This shows that person doesnt have enough luck in life. Remedy is worshiping Devi or wearing Ruby.

3. Mercury-Jupiter Dasa (per Utpanna star); Anubhava is in Vrsabha rasi. There we have Lagnesh in badhak which shows that in this dasa there is chance for foreign travel. Definitely You should run this option as Shani (10L from Moon) sits also with 9L. Jupiter dispoits Rahu in Navamsa, and Rahu in Lagna gives attraction for foreign travel/place. You dont like home as 4L is in Marana karaka sthana. You should worship Lakshmi to overcome Your problems. Issues connected to education should be seen in d24. I dont know what is the lagna, but definitely money inspire you to continue education, as Moon is with Mercury in vrsabha sign.

1. If they can do this daily near Your ear, its quite lucky situation as they will maintain proper maturity and purity. Otherwise You should become the sadhaka of Ganesha and when proper bhava is activated then the mercy will come and Your relation with Ganeshji will change Your fate. Remedies are not so cheap, it demands a lot of sacrifice, otherwise all suffering is punishment for our bad intentions and acts in previous life(s).
2. For what? Spiritually..Shiva.
3. Depends how many worda are in mantra. 4 words..4 malas etc. You can double it, if the problem is serious.

Pradeep,

1. Yes it will.

2. 4 om hriiM gaM hriiM mahaa-gaNapataye namaH svaahaa

Om bhur-bhuva-svah Samba Sadaashivaaya namah.

3. Preferrably You should do so many malas daily, as they are words in mantra.

4. Best are pancha-mukha Rudraksha. I believe Garuda and Shiva Purana have information about usage of various mukhas. Panchamukha is for getting brahma-jnana, while ekamukha for power and position.

Pravin,

Its always beneficial to wear colours of i) Lagna, ii) Arudhapada iii) sign of neechabhanga graha, which provides help to BENEFICIAL graha in a chart.

Dear Pradeep, Namaskar

Arudha Lagna in Your chart is posited in Dhanus Rasi (gold).

Among planets, Chandra is debilitated in D1; it gets neechabhanga from Shukra and Mangal. BUT because this kind of neechabhanga is from Chandra You can cure it only by mantra/association. From 99 to 2008 (nov) Chandra was rescued due to Narayana Dasa rasi being in kendra to these two neechabhanga planets, but after this period You will be advised to do some remedy for Moon. Otherwise forth house signification will suffer. All karaka of forth bhava are in fifth from forth (where Ketu sits) so due to some mistakes, the progress (fifth) of home, family, hapiness, education, vehicles, comforts, relatives will be stopped/obstructed. This will be due to some losses (especially financial) due to taxes and other government/administrative formalities. Trayambaka Jyotirlinga is the remedy;

Dear Rafal Ji,

I have few questions regarding the below couples natal chart

Husband Birth date March 27, 1978  
Baroda, Gujarat

Latitude 22 deg 19 min N  
Longitude 73 deg 14 min East

Wife Birth Date April 4, 1979  
Eluru, Andhra Pradesh

16 deg 43 Min N  
81 deg 09 Min E

1. In husband natal chart Rahu is amatyakarka, which is a Kendra, and is in ninth house and Budha and Mangal are MKS. Shukra is in Arudha Lagna . In navamsa also Budha , Mangal are in MKS and Shukra is in Lagna. Shukra is Atmakarka. How is the effect of MKS in this chart. He has Atmakarka and Amatyakarka in 3rd and 9th house resp.

2. Wife has sani and rahu in 8th house of her lagna chart. For the husband's Sani and rahu are in second house along with Buddha (the lord of fourth house in navamsa). Does this have malefic effects?

Thanks

Dear Arjun, Namaskar  
For Budha and Mangal, Venus is in kona so its not so bad. But Lagnesh in twelfth from Surya makes one to waste energy and direct it in bad places, for this you should recite Aditya mantra of Mangal. Your fortune will come after marriage, but Shukra is afflicted by Shani and Rahu forming shukra-saapa. This is more serious due to lordship of seventh bhava. Worship Shiva and Omkara Jyotirlinga (for prosperity of your children).

Which one wud be the most suitable way to write The mantra for Samba-SadaaShiva?  
(sanskrit@ltrans)

1. AUM bhuurbhuvaH svaH sAmba sadAshivAya namaH (6 words)
2. AUM bhuurbhuvaH svaH sAmbasadAshivAya namaH (5 words)
3. AUM bhuh bhuvah svaH sAmba sadAshivAya namaH (7 words)
4. AUM bhuh bhuvah svaH sAmbasadAshivAya namaH (6 words)

i guess the last 2 options wud be out since we say “bhuurbhuvaH” rather than “bhuuH bhuvaH”

Dear Ashish,  
AK in the chart guides the person towards the spirituality as its the aim of the atma, no matter if we accept it or not. Therefore wearing AK stone can bring mishaps to the native focused on material pursuits.

Diamond is enough to make your life beatiful.

Dear Ashish,  
Yes, you are right. For Shani we use Devi and Ruby, while for Rahu - Guru mantra and Yellow Sapphire.

Shani in ninth takes away the fortune from the native, usually by ignoring good advise/rejecting Guru. Those kind of people normally feed the poor or are seriously concerned about helping the tormented one's. This position also gives strong fighter. To know the exact results check Surya and Guru position to be sure how the karaka will protect the house.

Would you kindly suggest the concept of the upapaya by donating idol/picture of a deity.

Example, for a cancer lagna female, if Ketu falls in 9H causing obstruction of bhagya, can she donate the picture of Ganesha to correct this blemish. To whom the gift be given, is it also related from the chart. For reference (if required): Female: 18-08-1978, 0326 Hrs IST, 25N27, 81E51

So lord of Arudha is in Nipuna, Jnana and Dhimantha yoga. Quite auspicious. Fifth lord with Arudhapada shows children giving strong impact on your status and profession and this will be given to you by the world (12 from Arka). Forth bhava occupied by Nipuna yoga shows possibility of getting very good skills in education time, but the debilitation will show some ego and financial issues which are blocking this to happen - this can cause some health problems in Guru dasas, so wear colours of Ma/Ve/Sa Rasis or make the Sun auspicious through other means.

Namaste.

Please help me in my doubt regarding gemstone.

i have virgo ascendant ,meena(pisces rasi).

I wear a diamond 0.15 cent in my right hand finger. I also wear a yellow topaz 5 carat in my right hand ring finger. Regarding Diamond i dont have doubt. I wear yellow topaz as jupiter being 4th and 7th lord is placed in 9th house (kendra lord placed in trine). Also jupiter is rasi lord. But many advise me not to wear jupiter as it is a maraka for virgo and also diamond and yellow topaz should not be worn together.

Please advise me

Can a victim of Black magic lead a normal life once the danger has been averted? Will there be a break in marital cord if the victim happens to marry after that?

Any guidance in this regard will be appreciated.

Thank you very much.

Dear Rafel,

In a study case, in D-9: from Cancer Lagna, Venus and Saturn sit in 12th house (Gemini).

From karyabhava (7H), Venus is in MKS (6H) and seems a matter of concern. Karaka of 12H (Saturn) is in 12th from Lagna and in 3rd from Sun (Aries).

The marital scenerio seems grim. Is there any remedy to remove Venus's MKS placement effects and bring prosperity in marital life?

Your insight is requested.

Dear Rajeev,  
Quite good chart, Mangal vargottam exalted in Lagna gives you a lot of enthusiasm, endurance and power. The bad side is that it forms drshti badhak in Lagna and with eight lord. Its very beneficial for you to donate Sri Narasimha idol/picture to some spiritual sadhaka.

Your Surya amsesh is in eight bhava as Chandra (Mks), whilst DK is badly placed from AK in 12H from that Chandra. I would advise reciting Varuna mantras.

Dear Madhusudhana (nice name),

First! Dont wear Zirconum or Diamond! [venus is atmakaraka]

Worship Shiva - you have pure yoga for that!

Also if you are interested in Sri Krishna worship it would be very helpful as Sarpa yoga is broken by this BK Moon in seventh.

Now you say its 22:15 so? Still my advise is the same, dont touch Zirconum/Diamond and worship Shiva! You are very independent person by nature.

Dear Madhusudhana,  
For 22:15 —

1. Yes.
2. 8L in sixth bhava (intensive) with Rahu (viral/worms). Shukra is with A6 and A8. Surya afflicted in 2H from AL gives liver/digestion problems.

For 13:46

Its very similar as 8L sits in Kanya sign (6H - intensive) whilst Shukra is in eight bhava. Guru doesnt form any dangerous badhaka. Its strong in Navamsa and benefic in 10 from AL and 7 from AK. Only its position in 6 from Lagnesh can give some inconvenience whilst dealing with money issues, family and partnership.

For 4: Was it elder/younger one? How many siblings do you have (in order & sex)?

Please consider worshipping Sri Datta - thats the remedy for life.

Namaste Rafelji,

i have a query regarding planet in MKS. how to predict the nature of suffering when Atmakarak Planet is in MKS and it is also aspected by 2 malefic means it is in curse. who will suffer either a person himself or a person for which a planet is significator? for example if the planet is moon in such position then a person will suffer or his mother? or the person have to suffer in the area of life where the planet is house lord. i have read that it is called the bondage what does it means by bondage? what should be done to find out remedy in such situation.

regards,  
Minal.

231. **Rafal Gendarz** Says:  
January 12th, 2009 at 11:39 pm

Dear Minal,

Native will definitely suffer in areas where the cursed graha is lording in Naisargika chakra, therefore Shukra curse gives problems within relationship and money issues. Guru curse gives problem to father and comforts (12H). Now this can also give suffering to the person indicated by the planet but also check the lord and bhava indicating the relative. For example for mother health issues dispositor of 4L must be afflicted, for bad relation with mother 4H/4L must be in Yama or Ahi devata and 4H/4L must be in bad sambandha with lagnesh in Dwadasaamsa. For presence of mother in life see 4L from Moon, whilst other issues can be seen from MK in relation to Atmakaraka. Maranarakasthana of AK is quite bad as person feels big obstacles, frustration in areas lorded by AK (especially if afflicted). For bondage 12H from AK in D1 must be afflicted (or its lord if empty).

Hope this clarify your points.

Rafal Gendarz

Namaste Rafalji,

thank you very much for explaining all these things. i want to know why it is called bondage? what is the reason behind it? in the chat i have there is capricorn ascendant and moon in 8th while 7th house is empty and aspected by mars in ascendant. jupiter in second house who is maraka and aspect moon. saturn in 11th house it also aspect moon. sun and ketu in 9th house among them sun is in nakshatra parivartan yoga with moon. as sun in hasta and moon in uttaraphalguni. venus is in 10th house. in this horoscope as 4th lord mars is exalted is it right to predict that person will suffer in married life or spouse will have to suffer. as 7th house and 7th house lord both are afflicted. moreover 7th lord in 8th house which is a house of death is it indicate death of spouse at early age? because the person's relation with mother is quite good which means the curse dont affect the 4th house but can affect 7th house.

If I'm not wrong, they have just escaped combustion! What does it signify? Early death of wife? Or pains in marital life? Or no marriage at all? Funny, but I'll pass the rest of my life in their period only!

I'm sorry...I forgot to write my birth date..I'm providing the details here!

Time:8:04 p.m.  
Date:8th May 1981  
Place:Patna,Bihar(India)

Yes the involvement of Shani is here...As it is retrograde in 11th House, It aspects 7th house if it gives effect from 10th house! The problem is that it's not that I'm uninterested in marriage as such but then it should be to help in my Spiritual life...

I got my Diksha on 18th June 2008, when I was initiated into Nath Panth in the worship of Ma Kamakhya! Though before this I used to worship Ma as Tripur Sundari, I couldn't get her Diksha..Guruji says one can't get Diksha according to wish..neither my wish nor Guruji's wish but only Divine Will! He is a sadhu and I'm only 5th of his shishyas, except me, rest of my gurubhais are typical sadhus! It is a surprise that he accepted me! I want to make my Life a Meditation!! I want to actualize Her as the end of life and beyond!

My question is if I marry, will it help my Spiritual Journey or should I avoid it(if it is just a hassle)!

Though at this place I'm supposed to ask about MKS...but still I wish if u could spare some time and tell me if my prospects in Spirituality are good!? In Navamsha, Shani & Ketu are in the 12th of my Atma-Karak Moon! Does that mean I can get SALVATION in this birth? I want to utilise this birth! Kamakhya is a form of Kali which is denoted by Shani!

Is there any column/place where you are answering Career related queries?

Please enlighten!  
May She bless you!

- 2)!I'm wearing a Yellow-Saphire in index finger and an Emerald in little finger!

Dear Minal, Utkarsh  
Minal

What is the country? Shouldnt not be 5:30 as timezone? If not then its EAST?  
U-Phalguni can give addictions and alcoholism, whilst Chaturdasi gives problems to thieves, penury, shocks. Su is in ninth which gives this problems around study, whilst Shukra is in tenth which afflicts works.

When it comes to your questions: Mars which lords Upapada is exalted in Navamsa & Rasi which is superb. There is one dosha in this chart apart from Panchanga: DK sits

in 8 (MKS) from AK. Shani dasa is until 2020 and Shani sits here in ninth (again MKS) from DK therefore problems.

I am not sure about Navamsa Lagna, this could tell us more.

Utkarsh

Ve,Me in apoklima from AL are the factors to add for spiritual life. They are both in Satvic nakshatras so you can easily giveup career and relationship if you found it troublesome. 9 from both Me & Ve have Ke so you have many shocks and quick changes both in career and relationships, these could be due to change of place or siblings. Ra BK in MKS makes one spiritual adding to Me/Ve. Both Shasti and Friday are lorded by the same graha as Vara and Tithi are lorded by enimical factor this should never be lorded by same graha, else you will meet problems related to Shukra in this particular example. Shukra is in 10 from Mo and 7 from Lg = both connected to relationship directly; its in 9 from AL so you will feel this problem when you will try to take help from relatives or women. You can be attracted towards teachers also.

Yellow saphire is fine, Emerald is not so good (upachaya and dusthana lord for Vrcsika).

Rafalji,  
namaskar.

yes, you are right it was my mistake. the country is india so the time zone should be 5:30

the navamsa lagna is leo.

Atmakaraka moon is in dhanu navamsa but there is Jupiter in aries navamsa which is trine to navamsa lagna and karakmsa. As the lagna is simha navamsa is there a threat of early widowhood?

the darakaraka shows the atma of spouse and the spiritual beauty evolution of partner but it is rahu, a malefic planet. Is it a case for dosha? moreover it is placed in 7th house from arudha lagna. I have read that it is a door to rise the arudha. Malefic in this house effect the business relationship and give bad name to person.

as the lord of 7th house from arudha jupiter is in 6th house from arudha lagna it will be hard for a person to get through from this situation. thus, It is dangerous for person to involve in business partnership. it dont affect marriage partner because of exalted UL lord is it right? or the UL is in 8th house from arudha lagna so the native may feel the relationship as some promise/debt and the relation strain the financial side of native? I only able to understand this much things out of this chart i cant decide any concrete output of all this situation. please guide me.

Dear Minal, Utkarsh

Seventh lord Rahu in eight shows widowhood, but Shani is stronger lord which can make you avoid this scenario. See also Upapada for this. Your 2L from UL -> Shukra is wellplaced in navamsa, so its good for marriage. Your problem lies in getting into troubles easily - look at that parivartana with Lagnesh involving badhakasthaana.

You are great fighter but too much agni can put you into many kinds of troubles (4 from AK).

AK in 5 in Navamsa makes one dhamic and Jupiter in 5 from it gives zeal for

Vedanga, teachings and gives very broad knowledge. This sits in Aries which is forth bhava in D1 so you can use it for communities or education. Jupiter is also in 10H IN D3 which is excellent and in Virgo in D10 which is your ninth bhava in Rasi - perfect combination for intellectual career. Although buisness will also be tempting you - Ve, Me in 10 and 7H in 11 from AL.

Rahu in 7 from AL cause foreigners helping you as meena is not so bad for Rahu, but they can also punish you or change you do to position in 8 from Karaka Lagna. Rahu being in third from Lagna is bad for listening to Guru, this is kind of dosha and aspecting Surya its kind of problem there. Independent path.

You are right about 8 from AL for UL.

Dear Rafal,  
Good to see your reply,

Have a few confusions there..

1)You said "Ra BK in MKS makes one spiritual adding to Me/Ve"..Does than mean Rahu as Bhratrikarak?...But my Bhratrikarak is Mars...

2)You also said "Shukra is in 10 from Mo and 7 from Lg = both connected to relationship directly" ....But isn't my Shukra 12th from Moon(my Atma Karak)...

What I could infer from what you said is that while Ve-Me are factors for Spirituality in my case, Ve also poses problems in the form of attraction to the opposite sex...so in a way harmful to Spirituality itself by solidifying "Veils of Maya"...and that should extend to wife as well(in the form of attachment)..And that can range to a variety of interactions with women..Am I getting you right?

If that be the case, what should I do for it?

A major point to notice is that Me is in total influence of Ve and so I shall be leading almost all my life under Shukra's period only(with an interval of Ketu in between)How to negate the bad impact of Venus in this case?

"Emerald is not so good (upachaya and dusthana lord for Vrcsika)" That's true but Mercury is very weak and its period is about to start, so if I don't strengthen it, will it not cause any problem? Me is also my Rashish and lord of Lagna Nakshatra i.e. Jyeshtha.. Will worshipping Ma as TripurSundari help? Or should I go for specific Me's mantra etc..?

The problem of Mercury is espically serious for me as I'm preparing for Civil Services and I'll be taking all my exams in Me's period only, infact next 2-3 years are going to decide the shape of my Career! Will a weak Mercury not hamper my chances? What do you suggest?

1.I have Ra as BK, a) which software do you use? b) what is the settings for nodes - true or mean?

2.Yes 12H from Moon controls relationships.giving. My typo.

Attraction to women is natural and doesnt form a obstruction to spirituality for most of the aspirants, unless you are ready to take sannyasa. This natural urge to share your emotions with other person should be engaged in karma-yoga per Bhagavad Gita in natural way, not harmful to anyone. Then you can progress and have nice relationship at the same time. Position of Shukra in Apoklima from AL in Satva Nakshatra shows that you CAN live without women - opposite for Kendra.

Why under Shukra period? Thats your periods for the future.

Wearing gem doesnt make planet auspicious, it only amplifies its effect which are shown in kundali.

Your next 3 yrs are under Mars control. Mars will give effect of Surya which is tenth lord which shows end of education and is in Simha Navamsa. .simha is tenth house in Rasi. .therefore its good period.Mars will give partners as its 7L from Shukra and probably 7L in D9.

Hi Rafal!

Presently I'm using Computer Zone's Kundli Pro, earlier I got the same results on Geo Vision Software's Parashar Light...Seems I've been in great erroneous impression about my horoscope, seems even my Divisional Charts are different from what you are getting... But even the horoscope made at birth as per tradition was as per these softwares...

Okay, see if you have got my data right, I'm writing it again here:

Name: Utkarsh Vaggbhav

Time:8:04 p.m. (at night)

Date:8th May 1981

Place:Patna,Bihar,India

Longitude:85E12

Latitude: 25N37

In the software I have, there's no system of setting the nodes, so can't help..I'm using Ayanamsa given by N.C.Lahiri.. I'm giving here the Vimshottari Period it shows:

Ju: 08-05-1981 to 03-10-1910  
 Sa: 03-10-1990 to 03-10-2009  
 Me: 03-10-2009 to 03-10-2026  
 Ke: 03-10-2026 to 03-10-2033  
 Ve: 03-10-2033 to 03-10-2053  
 Su: 03-10-2053 to 03-10-1959

If my next few years are of Mars, that would be great for me, but still, there's some confusion, check if my data are not taken wrong..

Namaskar Rafalji,

I have come to you seeing your highly evolved wisdom in your comments. My DOB is 26 November 1964. Lagna is Mithun and Rashi Simha. Presently I am

undergoing Rahu Mahadasha and also sadhe sati (presently shani in third house). From mid 2004 to 2006 was worst period in life when I lost all that was dear to me. From mid 2007 things have begun to turn my way a little but are yet far from good. Can you tell me how is my future going to be. Somebody told me that this year I can expect Bhagyodaya. Is that right? I have got the best business education in India but achievements are not commensurate. I am wearing emerald in right hand little finger (7 ratti) and diamond (42 cents) in ring finger of right hand. Shall I wear blue sapphire.

Could you please tell me who my Ishta Devati is? So far I have prayed to Dakshina Kali, since 1992, with deeksha from a very great guru, but I am a devotee of Lord Jagannath too (how can you not be?). I pray to him as well. I'd like some advice on spiritual focus.

Lagna: Scorpio, Rahu, Shani

Moon in Capricorn

Mars in Aquarius

Ketu in Taurus

Venus in Gemini

Sun and Mercury in Cancer

Jupiter in Leo

Navamsa

Vargottama Lagna, Rahu and Moon

Ketu in Taurus

Jupiter and Mars in Gemini

Saturn in Cancer

Sun in Leo

Mercury in Virgo

Venus in Libra

Vargottama Rahu in lagna must create havoc. I have worshipped Chinnamasta Devi to ward off these troubles. What would you recommend? Kindly let me know what accrues from having Saturn in dharmasthaana in Navamsa?

Om Hare Rama Krishna

Dear Rafal ,

In your earlier posting, you have mentioned the remedies for Grahas in MKS. Here is the list

Surya (12H) - Neelam & Varuna Mantra

Indu (8H) - Neelam & Varuna Mantra

Bhauma (7H) - Diamond & Ravi Mantra

Buddha (4H and 7H) - 4H - Pearl & Mitra, 7H - Diamond and Ravi Mantra

Brhaspati (3H) - Coral and Vivasvan Mantra

Brghuputr (6H) - Neelam & Varuna Mantra

Shani (1H) - Ruby (or for ladies Pink Ruby or Garnet) and Surya Mantra

Rahu (9H) - Yellow Sapphire/Topaz and Vishnu or Guru mantra

Sikhi (some say 2H)

Now, on what basis are you referring to Varuna/Soorya/Guru/Ravi?

For ex, If Soorya is the lagna lord for Simha ascendants, and if Soorya is in Kataka, then you are saying that we need to chant Om Hram Ghrini Varunaya Namah. Why Varuna? How is Varuna related to Soorya in MKS? Similarly I would like to know the reasoning behind other Grahas and its corresponding Diety in the Mantra?

Thanks

Dear Rafal, Namaskar

It is understand that all placements of planets in MKS are looked from lagna. Also, that a planet does not like the placement of any planet or arudha in MKS house from itself.

I request your kind guidance to read a situation where a planet though in MKS from some planet is well placed from lagna.

Example, if 10th lord from Moon is placed in MKS (8H) from Moon itself but is well placed from lagna (say in 10H), how would the 10th lord fare? To be specific, consider Gemini Lagna, Moon in Leo and Venus in Pisces.

Can we infer that Venus would not be able to give a proper support in profession, even though it is well placed from Lagna.

How to remedy such a graha (Venus in this case).

Your guidance is requested.

Dear Vijay,

MKS is important from AK, even if graha is wellplaced from Lagna/Lagnesh the area will be problematic as the atma will reject all issues related. Therefore DK, Ju, 2/11 Lords in 7H from Mars AK cause Daridra yoga [financial problems].

In your example, its very good position, Malavya yoga destroy many doshas here. 5L in 10H is rajayoga and connected to 10L from Moon its very beneficial, lot of blessings unless Shukra is afflicted. But 10H will show also more self-work than others help, courses, training and skills will be important to progress in career. Check Shukra in D9 also - bhagya is very important.

MKS from Moon here doesnt require any remedy. Zircon would be good choice 😊

Dear Rafel,

I am obliged by your kind words of advice. Considering MKS from AK is an important pointer indeed, which I missed.

Mars (AK) yuti Venus(AmK)is in vargottama, placed in 10th house from D-9 Lagna again. (Female 06-03-1985, 1354 Hrs IST, 81E51, 25N27).

There is no planet in 7H from AK so nothing in MKS, but AL does fall in MKS from AK. How to interpret it?

Can the Jup's debilitation in 11H from AK do bad for financial gains from profession?

Is Zircon the same as American Diamond? Should the Zircon be charged with some mantra before wearing in R Hand ring finger.

---

Even though no particular adversity is observed, the presently running ND of Tau-Tau has not yielded any benefit in the professional advancement. She is yet in a low paid temporary contract of job.

Your guidance pl.

Dear Rafalji,

I am doing PhD in USA in mechanical engineering. You have advised me before about planets in Marana Karaka Sthana. Could you specifically look at my D-24 regarding my phd's successful completion (when can i graduate?). I am fairly certain of my birth time, it is accurate within one minute. So D-24 lagna as well as rasi lagna should be accurate. Birth details are: 16th January, 1981, 5:34 pm, Lucknow, India.

I have always been a very good student, studied in top colleges, always got very good grades. This situation is highly unexpected. I am extremely stressed since progress is very slow. The reason is my not so good communication skills. There is also a lot of politics going on, and I am unable to deal with it. Now there is a chance there may be a break in the form on an internship (i am extremely unwilling to do it).

Any kind of hope/advise would be greatly welcome. Please help me out,

Dear Rafel,  
 Pranam!

Indeed You ARE doing a Brahmin Karm just on the lines of your Guruji Vistiji, and spirit of SJC under Sanjayji..Accept my humble Congratulations and Appreciation, words fail to convey!

You have attended to my postings earlier on this thread only, however I'm posting my question again as it went unanswered, I can understand, owing to your busy schedule..

You had got my Dasha inaccurate, probably because of longitude-latitude error..My concern is my approaching period of Mercury, infact to repeat, my future being governed by 7th house planets, Me & Ve.

I'll be writing my Civil Services Exams in Mercury period only and so the prime reason of my concern at this moment.

Few observations about Mercury:

1)Mercury is in 7th i.e. 10th from 10th, and with strong Venusian influence!

2)Both Me and Ve are in Sun's Nakshatra, Sun is 10th lord, so should it not fulfill the promise of Sun?

3)In both Navamsha & Dashamsha(even Shashtyamsha), Mercury has influence on 10th house.

4)Mercury is Gnati Karak and I read somewhere that for Rajyoga to fructify in Kaliyuga, at least one planet should be Neecha, preferably the Gnati Karak! Me is Neecha in Navamsha & Dashamsha...but is that really helpful?

5)Mercury is very weak in Shad-Bal, will that not hamper its possibilities?

6) Since it is associated with Ve which denotes my Dharma Devata, worshipping Dharma Devata should help in giving good results in both Me & Ve periods. Now if you look at my Navamsha, u'll see that Sa has effect on all the karaks signifying my deities like Ishta, Palan, Guru and Dharm Devatas.. Does it mean that just my Ishta Devata will play all the roles for me?

7) Me is ashtamesh and Ve is Dwadadesh and both placed in 7th house, a marak sthan! Is that horrible or some kind of Vipareet Rajyoga? If it is, at what cost?

8) Me and Ve are in 9th from Arudha Lagna! Does that mean they will give fortunate results in their period and once Arudha is activated? Rahu (Bhratri Karak), being in my 9th house should block Arudha... I'm wearing Pukhraj, should I chant Brihaspati-Gayatri or anything that you suggest, to get maximum benefit?

With these ponderings, I seek your advice for the course of my action! What should I do? If you remember, I have received paramparagat Deeksha into Nath-Panth, into the worship of Ma Kamakhya, a form of Kali! Kindly deliberate on the 6th point, can I not worship Ma alone and get the benefits of worshipping all Dharma, Palan, Guru Devata together?

I'm wearing Yellow Sapphire in right hand ring finger and Emerald in left hand little finger! U had said that Emerald may not be good & "Wearing gem doesn't make planet auspicious, it only amplifies its effect which are shown in kundali"... I agree, but does wearing it in left hand not help in minimising its negative effects?

Kindly guide me... What do I need to do to help my chances in Civil Services Exam?

I did some rectification based on Kunda method and corrected my birth time by 2 minutes!

Looking forward to your wisdom...
